FRONTEND DEVELOPER

Experienced **Frontend Developer** with nearly **3 years of hands-on expertise** in developing **dynamic and responsive web applications**. Proficient in **JavaScript/TypeScript, HTML, CSS, and React**, with a **strong experience in backend API interaction** for pull and push data streams. I possess working knowledge in **testing framework like Jest** to maintain code quality. Experienced in integrating **RESTful APIs** and **managing state effectively using Redux or Context API**. Strong **problem-solving** abilities coupled with a **passion for learning**, enables me to deliver high-quality, maintainable code. Proven ability to collaborate within **cross-functional teams and adapt to evolving project requirements**. . Seeking to enhance my skills and experience in a challenging React development role to contribute effectively for a successful project delivery.

SKILLS AND STRENGTHS

ReactJS, Redux	Database management,JIRA,	Leadership
HTML, CSS, Javascript,	Scrum, MVC Architecture,	Logical Reasoning, Client
Typescript, Restful API,DOM	Agile Methodology, Performance	Relationship Management,
Manipulation,Node	Optimization, Adaptability and	Troubleshooting and debugging,
Js,NPM,Webpack,Parcel,	Flexibility, Problem Solving ,	Manual Testing,Unit Testing
Git, Responsiveness ,	Critical Thinking,	
JSX, React TS		

PROFESSIONAL EXPERIENCE

TRISYS IT SERVICES PVT LTD

September 2021 - Present

Projects :-

XPRESS SB ACCOUNT || KARNATAKA BANK

Karnataka Bank's KBL Xpress SB Account is a specialized savings account designed for those seeking a streamlined and efficient banking experience.I worked in the project as a **React JS developer** with the existing team size of 10 people.

ROLES AND RESPONSIBILITIES :-

- As a Frontend Developer, I specialized in creating **user-friendly UIs** with React.js
- My contributions included enhancing the **Savings account journey**, implementing **PAYMENT GATEWAY integration, and integrating third-party APIs and scripts**. I prioritized **responsive design** and introduced multiple features, leveraging **reusable components**.
- Used **Parcel as Bundler** and worked on **functional components and used React hooks** for state management.
- Through **proactive bug resolution** and **optimization efforts**, I achieved a **40% reduction in reported issues**, ensuring the application's stability and performance.

SAMAARU || INNOTERRA

Samaaru is dedicated to transforming farming into a desirable occupation by providing direct-to-farmer financial services. It's mission involves offering accessible finance solutions to smallholder farmers in India, facilitated by our collaboration with leading banks and value chain organizations.I worked as a **React JS developer** with an existing team size of 20 members.

ROLES AND RESPONSIBILITIES :-

- I was responsible for developing and maintaining **Visit Management and Farmer Loan Management Modules**.
- Utilizing React.js,I adeptly employed cutting-edge javascript techniques to seamlessly map and **integrate data from REST APIs**, ensuring efficient and dynamic data presentation within web applications.
- I leveraged technologies such as **React Hooks, axios, and functional components** to build efficient React applications
- Collaborating closely with the business team, I implemented enhancements to improve application functionality and enhance user experience

Consolidation Module || Axis Bank

Consolidation Module of Axis Bank was developed to simplify the process of sale which undergoes between a store and its customers. **I worked as a Frontend developer and worked on React TS and React JS for this project.**I worked with a team consisting of 8 members.

ROLES AND RESPONSIBILITIES :-

- Designed and developed **front-end components using React.js and TypeScript** to support the consolidation module's functionality.
- Ensured **cross-browser compatibility** and **responsiveness of the user interface** to deliver a seamless experience across different devices and screen sizes.
- Implementing **state management solutions** using libraries like **Redux** to manage complex application states.
- Participated in **code reviews and providing constructive feedback** to ensure code quality and adherence to best practices.
- **Integrated with backend APIs** and services to fetch and manipulate data required as per business team's requirement.

EDUCATION

VEER SURENDRA SAI UNIVERSITY OF TECHNOLOGY , BURLA , SAMBALPUR,ODISHA

Graduation in Mechanical Engineering

DAV PUBLIC SCHOOL MCL DERA AREA , TALCHER ,ODISHA

Completed 12th Board

DAV PUBLIC SCHOOL MCL KALINGA AREA , TALCHER, ODISHA

completed 10th Board
